THE SPIRIT BEHIND
EVERY BRAND.

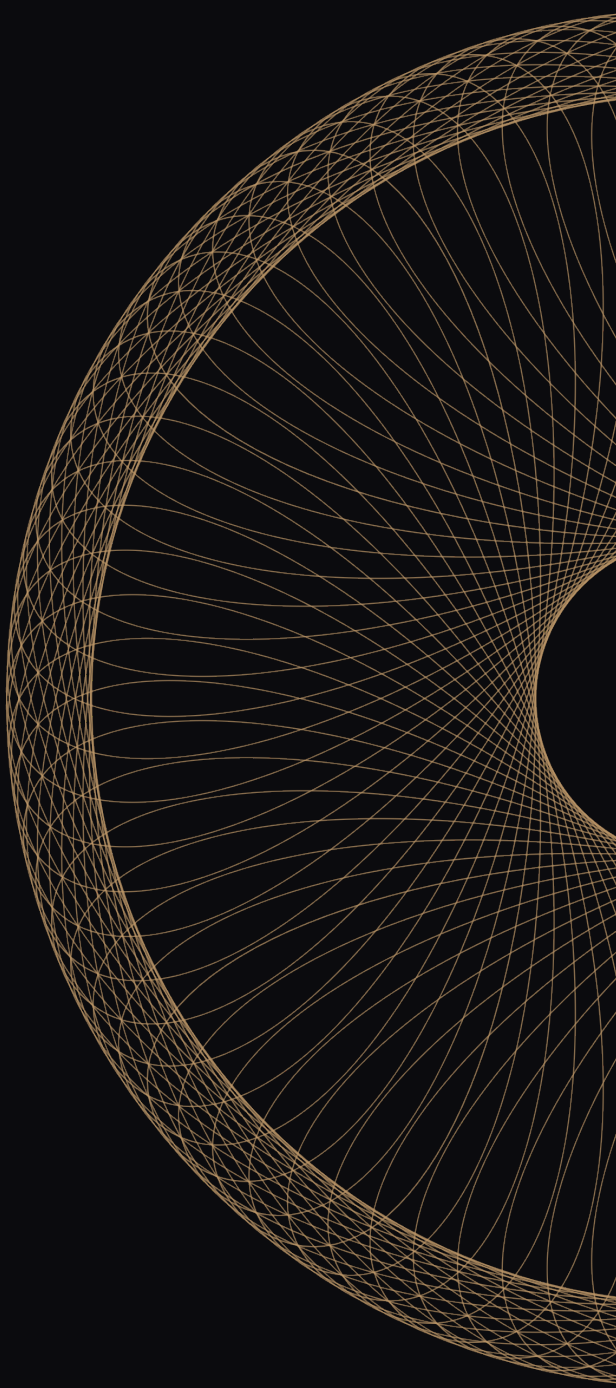

Built with intent.

Ready to move.

A venture builder and technology partner.

Build with us

Gold is the signature.
Burgundy is the action.

A clear purpose.

RaaVon builds digital products, creates ventures, and works with businesses to turn complex challenges into useful technology.

01 Purpose

Turn ambitious ideas into useful products and enduring businesses.

02 Personality

Thoughtful, capable and ambitious. Confident in the work; precise in the claims.

03 Brand relationship

RaaVon is the parent brand. Ventures retain their own identities and may use a discreet RaaVon endorsement.

VOICE / SAY IT CLEARLY

Use: “We design and build products that solve practical problems.”

Avoid inflated scale, unverified results, jargon and em dashes.

The colour system.

Warm foundations, with a distinctive burgundy accent for action.

Noir

#0B0B0E

Headings and dark surfaces

Cream

#ECE6D8

Primary light canvas

Burgundy

#6F1D1B

Buttons, links and selected states

Gold

#E6C989

Rosette and brand accents

Caramel

#C19A6B

Decorative supporting detail

Suggested balance: 60% neutral canvas, 25% contrasting neutral, 10% gold/caramel and 5% burgundy. Use this as a hierarchy rather than a rigid quota.

Keep the official rosette gold. Reserve burgundy for interactive emphasis.

Buttons and interaction.

Primary buttons use white text on burgundy. Keep labels short, specific and action-led.

Secondary buttons: burgundy text and border on cream. On Noir, use cream text and borders.

Keyboard focus: a 3 px burgundy outline with a 3 px offset on light surfaces; gold on dark surfaces.

CHECKED COLOUR PAIRS

White / Burgundy 11.25:1

Burgundy / Cream 9.04:1

Use controls at least 48 px high. Underline inline links. Do not use gold or caramel for small text on cream. Pair status colours with clear labels or icons.

Typography and the mark.

BRICOLAGE GROTESQUE

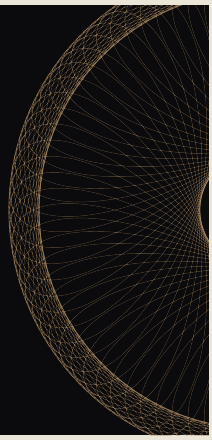

Ambitious ideas. Thoughtfully built.

ExtraBold 800 for display headings.
SemiBold 600 for labels and buttons.
Regular 400 for body text.

Website: 64-88 px desktop hero, 40-48 px mobile hero, 16-18 px body. Documents: A4 portrait by default, 11-13 pt body and comfortable margins. Use 1.4-1.6 body line height.

THE OFFICIAL ROSETTE

Use the supplied asset exactly.
Preserve its geometry and gold.
Crop about half at the page edge.

Do not redraw, recolour, stretch or add glow. Keep the rosette clear of copy. Use the full mark only where its fine detail is legible.

Use the supplied RaaVon logo when available. The typeset name in this guide is not a newly approved logo. All text in this edition uses embedded Bricolage Grotesque.

The identity, applied.

RaaVon

VENTURES CAPABILITIES ABOUT

Ambitious ideas. Thoughtfully built.

We build digital products, create ventures and turn complex challenges into useful technology.
